

OCTOBER 2020

Heat Map of applications received since 2018 by postcode:

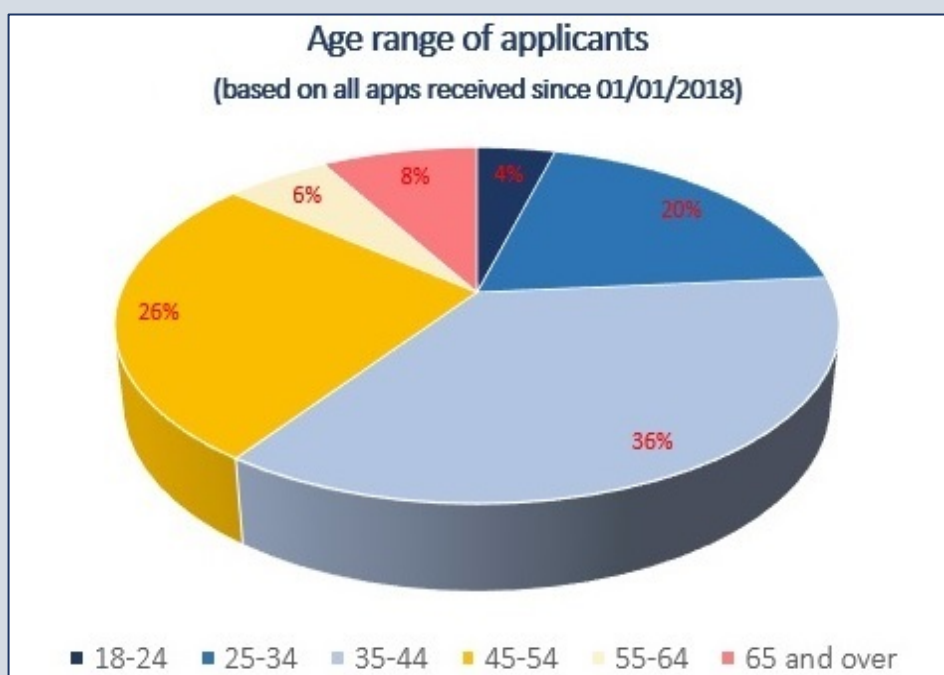

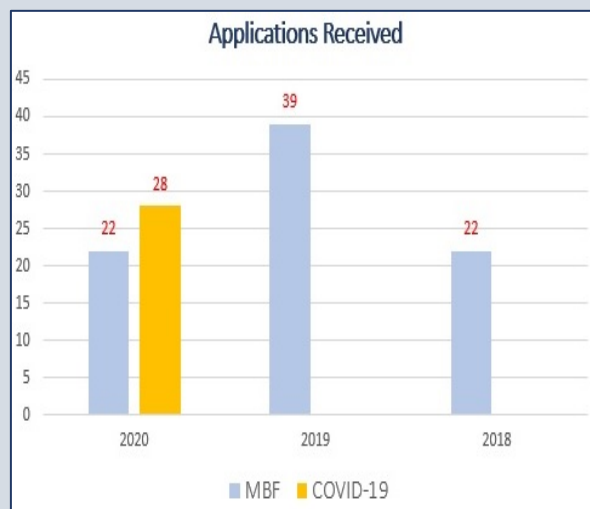

The Chartered Society of Physiotherapy Members Benevolent Fund is able to assist past and present members of the CSP experiencing unforeseen hardship or financial difficulties.

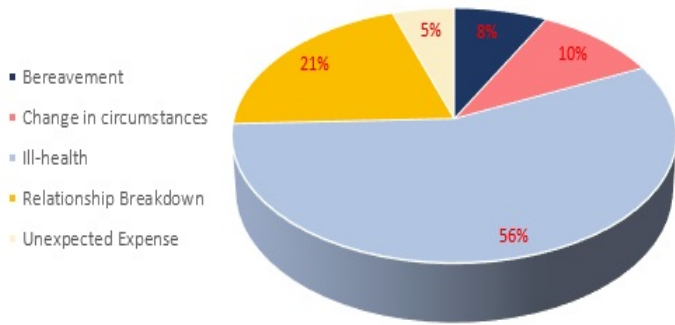

In addition to providing financial assistance to members in need, we have the expertise to check for any missing entitlements and to support beneficiaries with applications for unclaimed welfare benefits. We can also arrange money advice for those with unmanaged debt.

This year we have seen an increase in applications from members who are struggling financially due to the COVID-19 pandemic and expect applications of this nature to continue.

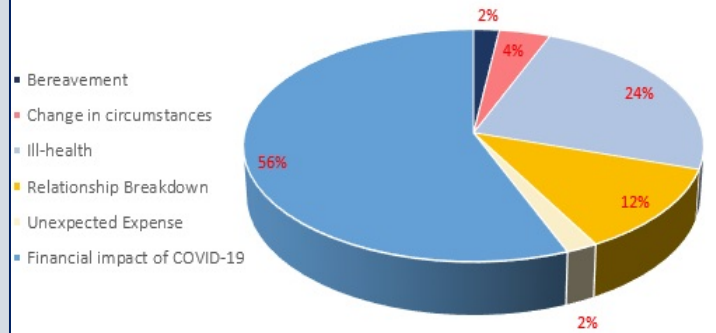

If you or somebody you know is in need of assistance please visit our webpage for further details:
<https://mbf.csp.org.uk/>

Reasons for applying in 2019
